

## REMARKS

Claims 1-12 were previously pending in the present application. Claim 2 is hereby cancelled. Claims 1, 6 and 8 are hereby amended. Claims 1 and 3-12 remain pending as amended. Reconsideration of the pending claims is respectfully requested in light of the aforesaid amendments and the following remarks.

### Drawings

The drawings were objected to under 37 C.F.R. § 1.83(a) for not showing every element of the claimed invention. The Office considered the "pivotable wall" element of the claims to be missing from the drawings. However, one exemplary pivotable wall structure is depicted in the drawings as plate 72 of the reflector tray 28. The plate 72 has prongs 110 that fit into slots 112 to provide for a hinged, or pivotal, connect of the reflector tray 28 to the annular flange 60 of the light fixture. Thus, all elements of the claims, including the "pivotable wall" element, are believed to be shown in the drawings. The noted drawing object is thus believed to be avoided.

### Claims

Claims 1, 3-5 and 10-11 were rejected as being anticipated by Yeh (U.S. Pat. No. 5,615,946). Claim 9 was rejected as being obvious in view of the combination of Yeh and Stiffel (U.S. Pat. No. 2,793,286).

The Office indicated that claims 2 and 6-8 would be deemed allowable if rewritten in independent form including all of the limitations of the base and any intervening claims.

The subject matter of claim 2 is hereby incorporated into amended claim 1 and is thus now believed to be allowable. Claim 2 is hereby cancelled. Claims 3-5 and 9-12 depend directly or indirectly from amended claim 1 and are believed to be allowable now as well. Claims 6 and 8 have been rewritten in independent form and should now be allowable. Accordingly, reconsideration and allowance of all pending claims is respectfully requested.

The amendments made herein has not increased the total claim count or resulted in more than three independent claims. As such, no fees are believed due for consideration of this timely filed response. However, any fees deemed necessary should be charged to Deposit Account No. 17-0055.

Respectfully submitted,  
Andrew J. Mauk, *et al.*
